"International Luv"

Away
Internationally
Away

[Chorus:]

Away
I just wanna take you everywhere that I go
Girl I want you in a plane in a seat right next to mine
Get witchu right after my shows
Baby I could give you ways
Come on girl, lets fly
Away
Internationally

Now I don't usually meet under these circumstances,
but..
You're like the perfect girl with the perfect skin, so...
And just 'cause they don't know about you don't mean
I'mma go without you girl

You can call me a man

[Bridge 1:]

Because I know
That this aint the kind of love that could just take
One night and then its over
Girl I know
I aint never fell in love so quickly
Baby please come with me
All you need is my love in a bag

[Chorus]

Girl I can think of only one and no one else and dance
to you
Were like the perfect team
No matter where I go you gotta roll
I bet they know about you and I'm not leaving without
you girl (??)

And I don't need to read your mind

[Bridge 2:]

Because I know

That you want to see the world

And I could say that all I need is

One night and then well be closer

And I know

I aint never fell in love so quickly

Baby please come with me

All you need is my love in a bag
