Backstreet  
Listen up

This seems so hypnotic, smoke and mirrors, lights and  
magic  
Paper faces in gold  
There's soldier boys, beauty queens, everyone's a  
mystery  
It's got me losing control

Yearning, I'm yearning for the one to steal my eyes  
Wanna play in this game of disguise

It's a masquerade, a love parade  
So won't you stay and dance with me?  
All through the night and day  
My masquerade, I need you, baby  
So stay with me tonight

Masquerade, masquerade  
Masquerade, masquerade  
Masquerade, masquerade  
Masquerade, masquerade

Just like a perfect dream I don't ever wanna leave  
A thousand freaks in the show  
One's a tiger, one's a lynx, one's a king that suffering  
Rolling high, moving low

Burning, I'm burning, can't you see it in my eyes?  
Wanna play in this game of disguise

It's a masquerade, a love parade  
So won't you stay and dance with me?  
All through the night and day  
My masquerade, I need you, baby  
So stay with me tonight

Masquerade, masquerade  
Masquerade, masquerade  
Masquerade, masquerade  
Masquerade, masquerade

I gotta know the girl behind the mask  
Let me in, where you've been? Don't pretend  
Don't gotta hide alone  
Show your face to me, we could be everything

It's a masquerade, a love parade  
So won't you stay and dance with me?  
All through the night and day  
My masquerade, I need you, baby  
So stay

It's a masquerade, a love parade  
So won't you stay and dance with me?  
All though the night and day  
My masquerade, I need you, baby  
So stay with me tonight

Masquerade, masquerade  
Masquerade, masquerade  
Masquerade, masquerade  
Masquerade, masquerade
