"When you come back, I won't be here"
She said, and gently pulled me near
"If you wanna talk, you can call
And no, it's not your fault"

I just smiled and said, "Let go of me"
Now there's somethin', I just gotta know
Did someone else steal my part?
She said, "It's not my fault"

Then my heart did time in Siberia
Was waitin' for the lie to come true
'Cause it's all so dark and mysterious
When the one you want doesn't want you too

I was driftin' in between, like I was
On the outside lookin' in, yeah
In my dreams, you are still here
Like you've always been

Oh yeah, my heart did time in Siberia
Was waitin' for the lie to come true
'Cause it's all so dark and mysterious
When the one you want, doesn't want you too
(Want you)

I gave myself away completely
But you just couldn't see me
Though, I was sleepin' in your bed
'Cause someone else was on your mind
And in your head

When I came back, she wasn't there
Just a note left on the stairs
"If you wanna talk
Give me a call"

Heart did time in Siberia
(Oh, yeah)
Was waiting for the lie to come true
'Cause it's all so dark and mysterious
(So dark, and mysterious)

When the one you want, doesn't want you too
(When the one that you want, doesn't want you)

My heart did time in Siberia
(Siberia, yeah, yeah)
Was waitin' for the lie to come true
(I'm waitin', I'm waitin')
'Cause it's all so dark and mysterious
When the one you want, doesn't want you too

Siberia
Siberia
When the one you want doesn't want you too
