I'm so sorry, that I called you  
I'm trying to pick up the pieces of my life  
I forgot that we were over  
Tell me what went wrong  
Wrong wrong wrong

Twelve days, four hours, twenty minutes  
I'm stuck and you know you've got me in it  
Broken glass on the floor from the picture frame  
Shame shame shame  
We had it all  
This love so strong  
Now everything we had is gone

If you could read my mind  
You'd know I've crossed that line

'Cause I'm as sick as my secrets  
Yeah, it's killing me  
You know that I need it  
I need you next to me  
There's nowhere to run  
Girl I can't let you go  
And it's twisted I know  
But I just can't take it no more

Six miles, twelve lights to your front door  
I'm on my way just like I have so many times before  
Does he know that it's me you've been talking to  
Shame, shame, shame

If you could read my mind  
I'm gonna fight to get you back this time

'Cause I'm as sick as my secrets  
It's killing me  
You know that I need it  
I need you next to me  
There's nowhere to run  
Girl I can't let you go  
And it's twisted I know

But I just can't take it no more

I'm tired of all these lies  
There's nothing but regret behind these eyes  
All this love I could never show  
I don't care anymore  
Give a damn who knows

'Cause I'm as sick as my secrets  
Yeah, it's killing me  
You know that I need it  
I need you back with me  
There's nowhere to run  
I can't let you go  
And it's twisting my soul  
But I just can't take it no more

Sick as my secrets  
Yeah, it's killing me  
You know that I need it  
I need you next to me  
There's nowhere to run  
Nowhere to run  
But I can't let you go  
Nowhere to hide  
And it's twisting my soul  
But I just can't take it no more

Yeah, I just can't leave you alone  
(Cause I'm as sick as my secrets)  
Oh tired of all the lies  
Oh baby you've got me stripped of my pride  
(Cause I'm as sick as my secrets)  
Gonna shout it from a mountain top  
Yeah, drain the oceans from the tears we've cried  
(Cause I'm as sick as my secrets)  
Gonna break down these walls  
Gonna stand tall  
Gonna be your man  
(Cause I'm as sick as my secrets)  
Hope you understand, oh  
(Cause I'm as sick as my secrets)  
That I'll never let you go
