(spoken)

Hello?

Hi it's me what's up baby? im sorry listen im gonna be late tonight so don't stay up and wait for me ok?

Where are you?

What?? say... say that again

Hello?

You're really dropping out, I think my battery must be low.

Listen if you can hear me we're going to this place nearby, all right? Gotta go.

Let me tell you the story

'Bout the call that changed my destiny

Me and my boys went out

Just to end up in misery

Was about to go home when

There she was standing in-front of me

And said "Hi, I got a little place nearby

Wanna go?"

I should've said no

Someone's waiting for me

Then I called my girl up and said

(Chorus)

Listen baby, I'm sorry

Just wanna tell you don't worry

I will be late

Don't stay up and wait for me

I said again, your dropping out

My battery is low

Just so you know

We're going to a place nearby

Gotta go

Now two years gone, nothing's been won

I can't take it back, what's done is done

But one of her friends found out

That she wasn't my only one

And it eats me from inside

That she's not by my side

Just because I made that call, yeah

(Chorus)

Listen baby, I'm sorry  
Just wanna tell you don't worry  
I will be late  
Don't stay up and wait for me  
I said again, your dropping out  
My battery is low  
Just so you know  
We're going to a place nearby  
Gotta go

Ooohh...

Lemme tell you the story  
Bout the call that changed my destiny  
Me and my boys went out  
Just to end up in misery  
Was about to go home when  
There she was standing in front of me  
And said "Hi, I got a little place nearby"  
Gotta go...

(Chorus)

Listen baby, I'm sorry  
Just wanna tell you don't worry  
I will be late  
Don't stay up and wait for me  
I said again, your dropping out  
My battery is low  
Just so you know  
We're going to a place nearby  
Gotta go

(Chorus)

Listen baby, I'm sorry  
Just wanna tell you don't worry  
I will be late  
Don't stay up and wait for me  
I said again, your dropping out  
My battery is low  
Just so you know  
We're going to a place nearby  
We're going to a place nearby  
Gotta go
