Artist: backstreet boys

Album: millenium

Title: u wrote the book on love

When I first met you my life turned a page  
Chapter one was how true love was made  
You taught me with your kiss  
Things about romance I missed

You knew everything from A to Z  
What pleases you and what pleases me  
Girl when you touch me  
I began to understand

Chorus

You, you wrote the book on love  
I wanna read every word  
So I know everything about you  
Oh you, you wrote the book on love  
Girl i just can't get enough  
Of your love, oh you wrote the book on love

Oh Brian help me sing...

Each time I hold you  
I find something new  
Cos I know what I love about you baby  
Girl I've discovered  
You bring out the lover in me yeah

Your like a fire that burns in my soul  
Like a volcano, I'm ready to blow  
Cos everytime I look at you I feel  
Love I can't explain oh

chorus

I hear what your heart is saying to me  
I see the picture so clearly  
I'm searching for the knowledge true love brings

Oh when you're near me

You wrote the book on love  
Girl I just can't get enough of you  
Oh you wrote the book

Oh you...  
You wrote the book on love  
And i want to read every word.  
Cause you,  
You wrote the book on love.

You wrote the book on love,  
You wrote the book on love.

chorus
