[Buckshot]

Yeah, this one for all you motherfuckers dissing me
And don't I'm listening, well I'm listening you listen

I went from rags to riches, riches to rags
On my face & pocket to the one on gat
For the ones that be up back like anybody did it
Fronting like fake digits look Kenya did it
Prolific hard-core shit I gotta spit it
The hardest admit it put my heart in it
I ain't trying to see broke all wanna do is see notes
A few mill with an ill speedboat
And I quote Buck ain't daily good
Fuck words, I spits shots till you feel good
Love rap & I love mc-ing
Shit but still love killing every nigga in sight
No reason, we in duck season, watch out
Elmer bud, smoke the fuss pull the glock out
Jack in box two shots pop out
Still money on the dow pitch stock out
It's Duckdown I-N-C for niggas who be D-I-C-K ride I-N-G
Don't hate just holla and you can follow pitbull &
rottweilers
Who wear chain tight collar
Benz to Impalas
Friends who just gotta grab they dick, cause they love
Hip Hop like Big Poppa
Dog, Heh I know it's hard to see
But I'm Whoop your Ass my squad & me

[Rufus Blaq/Chorus]

Acting like you hard or something
Man, listen you can sell drugs for life
I'm a hit-man for hire sell slugs for life
And you that right anybody left goodnight
Run you down your last sight is the headlight
In the Halo niggas better watch what they say yo
Cause I don't play no bank broke O.K. so
Up the world like I saw your girl
Fuck yours I throw up Crowhill you throw up Earl

So I can bark & bite at the same time

Keep a gun I be the first one to pull the brass out no

But I can prove one thing is that you two-way fronting
