Economics Legality (Chuck it.)
Does it show, we love to be free?
Plain and simple, are you okay?
For tomorrow, we generate the courage today.
Is your will about to quake and melt?
Let me help, let me help.
Psychopathic Brutality (Stop it.)
Rejuvenate more integrity.
Universal all live as one,
Edification first, then we can have some fun.
A voice cried loud and clear as we knelt,

Let me help, let me help.
Bummy thoughts again, but hey you got a friend.
And he may bless thee.
Even the dungeon, and the one that's on the crumb,
Live I-ternally.
When they kill and pain for gains of wealth:
Let me help, let me help
Keep thy heart with all diligence, for out of it are the
issues of life.
