No conditions
No conditions

Breadren
Every time is real

I'm not a nationalist (YES ZION)
We don't trust politics (TRUE)
God gives us all we want!
And level lives can (LIVE)
We worship Haile Selassie
Our lord through and true
And under no conditions
Will I and I (STOP!)

No No No Conditions
No No No Conditions

Another life after side (YES ZION)
And next to come no one knew
God gives us all that we want!
And level lives can live

We worship Haile Selassie (YES ZION)
Our lord tried through and true
And under no conditions
Will I and I (STOP!)
