"Youth Of Today"

The youth of today is a man tomorrow
They'll still follow.
In beginning of this aloud,
Might gather all the stuff in.

Crumbled in fears and run like in years
To move forward up river with no.

Incidental is a creep of coming whole
Our children will pray and live for tomorrow.

Unity for all, no matter the career
The youth of today has a plan for tomorrow.
The youth of today is a man of tomorrow.

The youth of today is a man of tomorrow
The youth of today is a man of tomorrow.

The youth of today, the youth of today
Is the man of tomorrow.
The youth of today is the man of tomorrow.
They don't live in tears,
Beg, steal or borrow.
