Nanana, nananana, nanana, nananana, nanana,  
nanana, yeah..

One, two, one two three!

Spin around come back home you running out on a line  
Sometimes feel I'm going out of my mind  
Stunned here waiting for anyone to take the time

Spin around we get further and further away  
Smile and wave and ain't got nothing to say  
Stunned here waiting for anyone to take the time  
to change my mind, this time

Well I've been staring at the sun for some time  
And it get's dark inside but I don't mind  
And if you're gone it's like I'm going blind  
I can't get by this time.

Spin around jump and take another look at yourself  
You've been hiding all alone on a shelf  
Frozen waiting for anyone to change you mind

Spin around come down now cause it's all getting clear  
Everything you ever wanted is here  
You ever needed anyone to change you mind  
Don't waste our time, we're fine

'Cause I've been staring at the sun for some time  
And it get's dark inside but I don't mind  
And if you're gone it's like I'm going blind  
I can't get by this time

Nanana, nananana, nanana, nananana, nanana,  
nanana, yeah.. (Repeat)

Spin Around and around and around and around  
Never want to come back down, everything you lost is  
found (repeat)

Spin Around and around and around and around  
Spin around and around and around and around

Yeah yeah, yeah yeah..

WooHH!!!!
