lookin' in your eyes
it's ritten on your face
i can read you mind
you feel the same as me
baby cuz time you face the truth
you're in love with me
and i think it's time that you came around

girl you care for me, like i care for you
and you think of me all the time
girl you want from me, what i want from you
and you dream of me every night

no way you can run
no way you can hide
can't you feel it girl
you're runnin' out of time, baby girl
nothin' but ya face
you're suppose to be with me
so is the way things like mine have just begun

girl you care for me, like i care for you
and you think of me all the time
girl you want from me, what i want from you
and you dream of me every night

it's really not good for you to
deny the feelings deep inside you
you really overdo, you need to hold on to love
girl it time for you to
to comprimise to what's inside you
there is no time, to run away, away from love

girl you care for me, like i care for you
and you think of me all the time
girl you want from me, what i want from you
and you dream of me every night

girl you care for me, like i care for you
and you think of me all the time
girl you want from me, what i want from you
and you dream of me every night
