Hey, yeah, inseparable lovers  
From the start I really don't know  
What's going on in my heart  
Hey, I've got this feeling  
That you will be mine all mine until the end of time

As I go, as I go, go along, go along  
I can feel you keepin' me strong  
Each and every day as I go my way  
My love is all for you and it's here to stay  
I've been waiting, I've been waiting

Why baby, do you make me feel that way?  
I'm glad I got you in my love today  
I'll never doubt your love will stay  
Your love will stay always

Why baby, do you make me feel that way?  
I'm glad I got you in my love today  
I'll never doubt your love will stay  
Your love will stay always

I'm hanging on just like a child  
Said I've been with you for quite a while  
Please girl, understand me  
Oh my love is not demanding  
And I will not ever leave you ever leave you no

Real love with good intentions  
Won't you share my visions  
My visions of a perfect love  
Just like the ones from up above

My perfect angel, listen  
I have but one conviction  
You were the charge and I plead guilty  
I plead guilty, your love hit me

Why baby, do you make me feel that way?  
I'm glad I got you in my love today  
I'll never doubt your love will stay  
Your love will stay always

Why baby, do you make me feel that way?  
I'm glad I got you in my love today  
I'll never doubt your love will stay  
Your love will stay always

Inseparable, love will never, never go away  
Inseparable, love will always be right here

Why baby, do you make me feel that way?  
I'm glad I got you in my love today  
I'll never doubt your love will stay  
Your love will stay always
