Secrets

Secrets

Secrets, oh, what you kept from me  
They made our world go around  
But secrets, they only last a long  
Enough to break you down

Stuck sitting, you left me there waiting for you  
You didn't want to be my girl  
And I saw you by candlelight waiting for two  
Sure wasn't me who was doin' it with you

Oh, but there's too much in my mind, right now  
To say, how I feel, to do what I need to do  
And how can you leave like this  
When a simple kiss, it is all you gave me

Secrets, oh, what you kept from me  
They made our world go around  
But secrets, they only last a long  
Enough to break you down

Loving you seems foolish when you do what you do  
And I cannot stand the feeling without you  
And I swear girl, I'm leaving, baby, five after two  
'Cause there is no way, I'm waiting longer for you

Oh, but there's too much in my mind, right now  
To say, how I feel, to do what I need to do  
And how can I look up to the sky  
And see our love fading baby, tell me why

Secrets, oh, what you kept from me  
They made our world go around  
But secrets, they only last a long  
Enough to break you down

Secrets

Secrets, oh, what you kept from me  
They made our world go around

But secrets, they only last a long  
Enough to break you down

Secrets, oh, what you kept from me  
They made our world go around  
But secrets, they only last a long  
Enough to break you down
