### "Share Life"

It's funny how time flies  
When I first looked in your eyes  
You were something special  
And I knew it when you smiled  
Don't even wanna think about  
What I would do  
Where I would be  
The thought of life without you  
And it never did occur to me, no  
After all that we've been through  
You're still here holdin' me down  
Doesn't matter what they say  
You know I'll always be around  
Baby no one else can make me feel  
The way we were meant to be  
So every day of my life from now on  
I want you to stay with me

Share my world  
Share my love  
Won't you share life with me  
Share my world  
Share my love  
Share life with me  
My love my life my world

Day & night I'm thinkin' about you  
Countin' all the ways that I love you  
And all the things that I wanna do  
First I need to be alone with you  
Can't have one without the two  
Get in a zone with you  
Conversate and get to know you true  
Build a home with you  
Share everything I own with you  
And after all the things we've been through  
You're still here holdin' it down  
It doesn't matter what they say  
You know I'll always be around  
And baby no one else can make me feel

The way we were meant to be  
And every day in my life from now on  
I want you to stay with me

I want you to share my world  
Share my love  
Share life with me  
Share my world  
Share my love  
Share life with me
