First chapter, you stole my heart away from me  
Made me believe true love could be  
We were so close you changed my life  
How could a love so strong not go right?

Where do we go from here?  
When it's said our love would stay around  
Why do I even care?  
The way you looked it can't be found, oh no

My heart is broken down  
I'm turnin' pages once again  
It's time to make this story end

Time to close the book to this story  
I don't wanna read it no more  
Time to close the book to this story  
Another writer will come along, I'm sure

Final chapter, I say goodbye, I made you cry  
I did what I could, you know I tried  
There's no more to say, so I'll go my way  
You know it hurts me but that's the price we pay

Where do we go from here?  
When it's said our love would stay around  
Why do I even care?  
Because when I looked it can't be found

My heart is broken down  
I'm turning pages once again  
It's time to make this story end

Time to close the book to this story  
I don't wanna read it no more  
Time to close the book to this story  
Another writer will come along, I'm sure

Time to close the book to this story  
I don't wanna read it no more  
Time to close the book to this story  
Another writer will come along, I'm sure

Time to close the book to this story  
I don't wanna read it no more  
Time to close the book to this story  
Another writer will come along, I'm sure

Time to close the book to this story  
I don't wanna read it no more  
Time to close the book to this story  
Another writer will come along, I'm sure
