Someday, somehow
We will learn the power of love
A conscious change of the mental state
An understanding we need to create
And it's breaking my heart to see what we've
become
And we're desperately seeking who we really are
I'm calling your name again, love will conquer all
I'm calling your name again
Keep on searching, keep on looking
I'm calling your name again, love will conquer all.'til
the end
So take his hand if he falls behind
The master plan of a beautiful mind
The highest ground for eternity
You will find your serenity
And it's breaking my heart to see what we've
become...
I'm calling your name again, love will conquer all...
SOLO
And it's breaking my heart to see what we've
become...
I'm calling your name again, love will conquer all...
I'm calling your name again, love will conquer all...
