I show you all
I tell you everything
I let you know what I'm waiting for, now baby
You run away
It's more than I can take
I'm over myself and my own mistakes
'Cos I need someone
Baby let me show you I can be the one
I don't wanna wait and now my life's begun
Love is never far away
'Cos I need someone
And I need you

One of a kind
Can't get you off my mind
All I see is still burning me, now baby
I realize
It's just a sacrifice
And I never told you just what I want
'Cos I need someone...
I feel so alive and I need to survive
I'll always remember
You make me feel so alive
'Cos I need someone...
