I told you and I thought you said, "You understood"  
It never stays inside your head, is it made of wood?

I talk and talk all night,  
I never get it right,  
How can I make it clear?  
And then I am screaming in my dreams,  
And no one seems to hear

(chorus)  
I'm-a weeping,  
I'm-a wailing,  
My life is so frustrating  
I'm-a weeping,  
I'm-a wailing,  
My life is so frustrating

So many people everyday, I have to meet  
So many things I have to say, stay incomplete

How can I be so nice?

This is battle vibe  
Thinking all the while  
"I'm so angry I just want to shout"  
But we have to smile

(chorus)  
I'm-a weeping,  
I'm-a wailing,  
My life is so frustrating  
I'm-a weeping,  
I'm-a wailing,  
My life is so frustrating

(fades)  
So frustrating,  
So frustrating,  
So frustrating...
