CHORUS:

We're gonna light the weed  
Tap the keg  
Shoot the shit  
Now lets begin  
We're gonna kick right back  
We're gonna sit right down  
Enjoy it girl ya gonna love the sound...

DOUG:

Im holding but im bout to cop some more  
I'm real high' cause I smoked a lot before  
So What you stoppin for, keep passin' by  
Smoke good weed, get a long lasting high  
I know it might be right, I know it might be wrong  
But If I'm gonna have a drink it might as well be strong  
It's not the beginning and it's not the end  
We gonna pass the shit around, you can hit it again  
Let me be young, live life how I can  
Don't get the wrong idea of what I actually am  
Like a flash in the pan, so hold on tight  
Catch little buzz and everything will be alright...

CHORUS:

once the beer starts flowin everything'll be fine  
I'll be stuck up at the party, tryin to get mine  
Left paw on wine, right margarita shakin  
Tryin to concentrate but I'm straight space cakin'  
Life is Erie like the lake and i be forgettin what I know  
My girl told me to wait, but I had to come and go  
Yo steady with the flow, palpitation precision  
Glue my feet to the track, to properly ride the rhythm  
Taking and I'm giving, living for today  
Cause karma gonna get you in the long run anyway  
And in the short from the sport I was straight Charles  
Bronson  
In Houston with Allen, you was lickin Larry's johnson

CHORUS

KAZ:

Everybody raise your drinks to the sky  
Mr. DJ, make ya sound amplify  
Lovely ladies, get up don't be shy  
And listen up, as I clarify  
My mission, to why I'm spittin

Cause y'all be whinin' and bitchin' moanin' groanin' and  
dissin'

There ain't no hate in my crew

We just do what we do

We ain't stoppin we got plenty of trees and enough  
brew, so...

Everybody raise your drinks to the sky

Mr. DJ make yo sound amplify

Lovely ladies, get up don't be shy

Go for yours, don't be standin by...

CHORUS

(Let me be young, live life like i can-you gonna love the  
sound...)
