Lost in the Milky Way
Smile at the empty sky and wait for
The moment a million chances
They all collide
I'll be the guiding light
Swim to me through stars that
Shine down
And call to the sleeping world
As they fall to Earth

So heres your life (heres your life)
We'll find a way
We're sailing blind
We're certain, nothing's certain

I don't mind
I get the the feeling
you'll be fine
I still believe
That in this world
We've got to find the time
For the life of Riley

Form cradles and sleepless nights
You breathe in life forever
And stare at the world from
Deep under eiderdown

So here's your life (heres your life)
We'll find a way
We're sailing blind
We're certain, nothing's certain

I don't mind
I get the the feeling

you'll be fine
I still believe
That in this world
We've got to find the time
For the first time
I don't mind

I get the the feeling
you'll be fine
I still believe
That in this world
We've got to find the time
For the life of Riley

All this worlds is a crazy ride
Just take your seat and hold on tight

So here's your life (heres your life)
We'll find a way
We're sailing blind
We're certain, nothing's certain

I don't mind
I get the the feeling
you'll be fine
I still believe
That in this world
We've got to find the time
For the first time
I don't mind
I get the the feeling
you'll be fine
I still believe
That in this world
We've got to find the time
For the life of Riley.
