How many times do I daydream
About making love to you
I'll take you to a special place
Where it's only me and you
I'll put away all your troubles
On the other side of the world
And wrap my arms around you, hon
And tell you you're my girl
(So let's go sail away in the night)
And we'll go far away from here
(To a place where our love is right)
Can I take you to my world?

Chorus

Whenever you're sad
Whenever you're crying
I'll be the one who wipes away your tears
Whenever you're cold
Whenever you need me
I'll be the one who runs to you
And give you my love
Will you know how much I love you
So you better not let me down
I'm not asking for too much
Baby, just stick around

A quiet day in the country
Or a rainy night in my room
We'll hide away into the sheets
If the morning comes too soon
An afternoon in your eyes
Or a lifetime in your heart
Forever just ain't long enough
But at least it's a good start
(Falling deeper in love with you)
Will you be there to catch me girl?
(I hope your falling deep with me too)
Can I keep you in my world?

Chorus

Forever, forever
Ooh.. would you come on baby
(let's go sail away in the night)
And we'll go far away from here
(Tell you that's where our love is right)
Ooh..

Cause, whenever you're sad
Whenever you're crying
I'll be the one who wipes away your tears
Whenever you call me
Whenever you need me
I'm gonna be right there for you and give you my love
Yeah, and you know how much I love you
So you better not let me down
I'm not asking for too much, baby
Just stick around
Forever, forever
