I met this girls family, her mother had it in for me
Daddy thought i drank to much but he's a tool
I could take them out for free, but jail don't sound to
good to me
I guess I'll find myself another girl
Every day's another chance another girl another glance
another shot to clear my mind It happens all the time
just when I think I've got a link, I gotta pour myself a
drink
cuz something goes wrong, like every time

Another girl I liked a lot, fake blond hair but really hot
Unfortunately she turned out to be a bitch
A girl who liked to play the games, broke my heart but
that's okay
Life goes on anyway, damn i gotta switch
Every day's another chance another girl another glance
another shot to clear my mind It happens all the time
just when I think I've got a link, I gotta pour myself a
drink
cuz something goes wrong, like every time

I/Don't/Need/To/Be/Holding on to this stuff
I/Don't/Need/To/Be/Holding on to this stuff

I/Don't/Need/To/Be/Holding on to this stuff
Cuz life is too short/got lot's of fish in the sea
I'm casting out another line to see what comes
swimming to me

a Different girl way back in school was kinda nuts but
kinda cool
I've always had that soft spot for red hair
Little then did i know, cute little thing would turn psycho
And stalk my ass, after class, damn, she had no fear
Every day's another chance another girl another glance
another shot to clear my mind It happens all the time
just when I think I've got a link, I gotta pour myself a
drink
cuz something goes wrong, like every time

I/Don't/Need/To/Be/Holding on to this stuff

I/Don't/Need/To/Be/Holding on to this stuff
I/Don't/Need/To/Be/Holding on to this stuff
Cuz life is too short/got lot's of fish in the sea
I'm casting out another line to see what comes
swimming to me
