Holidays in the sun
everytime I'm on the run
just for fun I'm lying on the beach
Everywhere I throw my views
that point of view that I won't lose
The sun is burning
I wanna have some fun
I'm always on the run
feels like a loaded gun
relaxing in the sun

it goes like D dp d dd...
Endless vacation is what i want
I'll never do your weird demand
just for you I won't depend on you
Pretty girls are everywhere
food for my eyes I have stare
My gun is burning
I wanna have some fun
I'm always on the run
feels like a loaded gun
relaxing in the sun

D dp d dd...
