Each morning of the week, 8 o'clock
Sit on you desk, always the same fucking face in front
of the class
I don't like you, you don't like me
Your friendly attitude is just hypocrisy
You're just here for your cash !!
I can't place a lonely word
I can't tell you why I'm hungry
Tell me why ? Tell my why ??

Don't speak don't walk !
Don't eat don't laugh!
What is your fucking law?
Don't go outside or simply talk !
Who am I at your eyes ?
It's time to make a choice. You're lead by your teacher
You're lead by each others
It's time to make a choice
doing absolutely all what you got in mind

But if one time I can talk to you, I can explain myself
Forget it, YOU'VE GOT ALWAYS REASON !!!

Vieja concha voy a cortarte el cuello
Soy el loco, cuidado ! Como el buitro
Voy a desmenazarte asta la muerta
Empeza la fiesta ! Empeza la fiesta !
