Yeah....I'm talking to all of those who don't know what
is liberty

To all the kids who live with violence

Educated by T.V

To this girl who lives with incest, she wants to die

Since she's nine years old, now she's fifteen, and
pretends

That she's gonna lose control

To the guy on the rooftop, who wants to die

Cause his wife was unfaithful for the second time

For the man who'd lost his family cause a drunk
driver crashed his car

For all the humans who're afraid cause their country
are in war

I wrote this song to show you real society,

To show you what is happening to this strong humanity

Strong humanity, that's the word that I use 'cause

You don't wanna see all the abuse

And other crimes that I see and the drugs that they use

All the kids on P.C.P, and all the friends that I've lost

Overdose or suicide, I don't know but they died

I think it's too much for me, that's .The. Real. Society.

I can't believe that the human do that. All this shit is

Caused by us, and we don't realize. We don't do

anything

To stop violence and war

Yeah..We don't do anything, we just close our eyes

close the doors.Yeah.. We don't do anything

I think it's too much for me. We don't do anything at all,

that's .The. Real. Society.
