## INTRO

All the girls around the world say "yeah"  
ee-yeah ee-yeah ee-yeah ee-yeah  
ee-yeah ee-yeah ee-yeah ee-yeah  
yeah ee-yeah

## VERSE 1

Hangin' out at Wet Willie's  
On Ocean Drive  
Sippin' on a Brain Freeze  
Watchin' the girls go by  
Feelin' kinda lucky  
To live this life  
Thanks to you  
And every little thing you do  
I remember

## CHORUS

All the girl on the concert scene  
Wear their miniskirts and real tight jeans  
All the girls who like to scream  
Sing yeah ee-yeah  
(yeah ee-yeah)  
All the girls from Miami Beach, City of Angels to NYC  
No matter where I go  
Where would I be without all the girls

ee-yeah ee-yeah ee-yeah ee-yeah  
ee-yeah ee-yeah ee-yeah ee-yeah

yeah ee-yeah

## VERSE 2

Chillin' out on Newport Beach  
Everything reminds me of MTV  
Cruisin' round with the top down  
Lookin' around at the beautiful ladies  
We got the ponytail blondes  
Barely nothin' on  
They're soakin' up the sun  
Everyone

Let's get it on  
I remember

CHORUS

MIDDLE 8/BRIDGE

Join the party in paradise  
Together we'll be alright  
Take a trip to a brand new world  
Dedicated to all the girls

Join the party in paradise  
(p-p-paradise)  
Together we'll be alright  
(b-b-be alright)  
Take a trip to a brand new world  
(b-b-brand new world)  
Dedicated to all the girls
