[Kelly:]

It's never gonna feel like us (like us)  
Babygirl I no u got a new man but it aint neva gonna  
feel like us(like us no)

[Chorus: Patrick]

He don't put it down like me  
He don't make u smile like me  
He don't show u off like me  
So I suggest dat u make that change  
He don't give it to ya like me  
He don't work it out like me  
He aint got nothing on me  
So I suggest that you make that change

[Kelly:]

Listen girl no I need you to sit and listen so you'll  
understand how I'm livin now that ur missin u think it  
feels good seein u with that other loser walkin down the  
block caressing holdin and kissin when u put it in my  
face when u see that I'm in your vision runnin ur mouth  
to keep everyone in my business I pull up with a broad  
they screamin "oh no he didn't" then u do the same  
and noobody is trippin I'm not gon sit around and play

It's easy for me to say I don't eva wanna see you again  
now you gonna force me to bleed thru this pen and  
even tho I don't wanna see you with him I see you with  
him and tho you slippin away if I decided to chase ya I  
be movin back cause I guess I'm doin the matrix and  
even with the truth sometimes it's harder to face it  
cause if I get you back we gon go thru the same script  
same argument same pad of nonsense still it would be  
better than the time that yall spent I do what it take to  
get you back with me cause you only got with him to  
get back at me and that the reason why I choose to look  
at you funny cause he aint gettin nothin not even gettin  
no money so you bein with him is just frontin from me I  
seen your new man girl and he aint got nothin on me  
noo

[Chorus: Patrick]

He don't put it down like me (noooo)  
He don't make u smile like me (uh huh)  
He don't show u off like me  
So I suggest dat u make that change (make it baby)  
He don't give it to ya like me ( not like me)  
He don't work it out like me (not like me no)  
He aint got nothing on me  
So I suggest that you make that change
