I may be shy at first glance
As I hope and I pray that you'll give me a chance
To open up, and share my dreams
You'll see that finding true love isn't hard as it seems
Chorus:
(So) Don't rush, don't rush to judgment on me
Don't rush, don't turn away before you see
That I'm here for you now
Don't let my awkwardness allow you
To pass up on us, don't rush.
There's more to me, than meets the eye

In my heart I hold the sun for you, the moon and the
sky.
Say you'll be mine, and meet my gaze
And baby we can be together for the rest of our days.
Chorus
Like digging through the sand for a diamond in the
rough
Baby hold my hand, and you'll see I'm not so tough
I'm here to stand beside you, unless you won't
Come looking for the real me, so please don'trush
Chorus 3x
