Drivin' down an empty street at a quarter passed four
Wondrin' if I'll ever see the rhyme behind
The scene outside your door
I'm sure,
There's something that's not right
What are we fighting for
Climbin' up an empty stair
IÂ'm thinkin' that IÂ'm found
Knowin' if I think too much,
if i think too much IÂ'll stop and turn around
And go down
I guess it's time I learned that I can't
Turn around
But oh it seems so hard
To say goodbye, but in the end
Chorus :
I don't wanna be the one who always takes the blame
I don't wanna be the one who always hides the pain
inside
I've tried
So I think it's time we kissed and said goodbye--

I think it's time we kissed and said goodbye
Sitting in an empty room
I see the lights pass much too slow
Thinking that it's gone too soon,
I'm lost inside I feel that I should go
I don't know
It seems to me mistakes we've made have
Told us so
But oh it seems so hard
To say goodbye but in the end
Chorus
There's nothing left to do (nothing left to do)
We can't go on anymore
We've walked down this road before
There's nothing left to try (nothing left to try)
So I think it's time we kissed and said goodbye
Chorus 2x
I think itÂ's time we kissed and said goodbye---
Wave goodbye
