I was taught, never show your feelings
That's why it's so hard for me to talk to you
Girl I know, you're having a hard time dealing
Not sure what to say or what to do
When you reach for me, you're grasping at air
You tell me that you love me, but I'm not really there

Chorus:

I'm scared of falling in love, there I said it
I'm scared of falling in love, I might regret it
I'm scared of falling in love, but if I do
I pray to God it's with you
You gave your heart but I pushed it right away
No words will come, despite how hard I try

I never gave us a chance, yet I begged for you to stay
With no good reason, no reason why
My bags are too heavy, they're weighing me down
I can't see the beauty of the treasure I've found

Chorus

And I'm standing on the edge, if I don't jump I'll never
fly

But baby if I fall will you stay or say goodbye

Chorus

I don't know if I'm ever gonna fall in love
But, if I do, I pray to God it's with you
I pray to God it's with you
Scared, I'm scared, I'm scared, so scared
I'm falling, falling, falling baby
