Lost far away in you
Promise of a lifetime
Lost
Miracle of mankind
Lost
Childlike love lingers
Skin is fading, but not your eyes
Can I hold you?
But now you're gone
Lost far away
The wind carries me away
Lost far away
The wind carries me away
Memories fall like water
Shelve too high to reach

Moments short of a lifetime
Skin is fading, but not your eyes
Lost far away
Can I hold you?
But now you're gone
Life chain reaction
Willing at any cost
Living without you
I'm lost
Life chain reaction
Willing at any cost
Living without you
I'm lost
