I was at the end of the velvet rope
When along came a miracle
You should have seen it
She rose like a phoenix
From the rubble of a nightclub nightmare
Just in time too
I was about to give it up
I knew that love was just a punishment
Beautiful monster with a black heart
Until the night that I confronted it

Round and round we go
Now I can see the bright light comin'
Back to the show
She stole my heart and then she took off runnin'

Last night...
I think I fell in love I hope it's for the
Last time...
All the pieces fell in line
Hey! Hey! Hey! Hey!
Sing it one more time
Last night, I fell in love for the last time

At the beginning I was living like a desperate drunk
It was gonna take a miracle
So sick of the same old sound
I needed someone to hold me down
Droppin' in head first in the last call
Next thing I knew I was laying on the asphalt
She picked me up in the glow of a streetlight
Then she told me it'll be alright now

Round and round we go
Now I can see the bright light comin'
Back to the show
She stole my heart and then she took off runnin'

Last night...
I think I fell in love I hope it's for the
Last time...
All the pieces fell in line

Hey! Hey! Hey! Hey!
Sing it one more time
Last night, I fell in love for the last time

Last night..
I think I fell in love I hope it's for the
Last time..
All the pieces fell in line
Hey! Hey! Hey! Hey!
Sing it one more time
Last night, I fell in love for the last time
