Have you ever seen blue eyes fading to black  
And a girl lying on the ground  
Wounded by the insults  
Scared for all the lies  
Trying to hold on to the last straw

The freedom of life  
Is coming up to haunt you  
The freedom of life  
Is coming up so soon  
Don't you know  
They're dying like flies  
The freedom of life  
Is coming up so soon

They never listened to anything you said  
Treated you like a fly on the wall  
The code, more important  
Than your cries, little girl  
No attention paid to your hurts

Don't you know on a false day  
Her eyes restrained from the tension you put upon her  
There's no way, or so they say  
They're just lies, like the color of your eyes

Like a nightmare your quest will follow you  
Although you try to break these thick white walls  
What did you do, to feel so black and blue  
Will they ever recognize you
