"Light Years"

Visit "[Light Years](#)" on MotoLyrics.com

Hello... Goodbye...
Leave me alone
Don't wanna be with anyone
Lie awake in bed
My eyes are closed
I bet you think I'm wasted
Hit me if you think it's worth it

If you think I've crossed the line
I'll see you somewhere
Out there
I know you think I'm crazy
Or a schizo maybe
Or a drug fiend addict

But I know what's real
I know you faked it
Coz lies are what we have in your world
Read all the books of life
Looked at myself
Where did the years go?
They're lost within the pages of time

If you think I've crossed the line
I'll see you somewhere
Out there

Something about it makes me
Something about it takes me
Something about you makes me
High
So high

Me and my folk guitar
We've seen
A glimpse of the wild world
It's beautiful, it's crazy and
A lot of people that we know
They talked about us
They say we've lost it
They're too far away from Venus I say

If you think I've crossed the line
I'll see you somewhere
Out there

Coz light years from now
They'll find it somehow
Coz it's beautiful
Coz it's beautiful out there
