'do you know why God hates fags  
and why we always hang our flag  
completely upside down  
we are Christians and are concerned  
about state protection of the perverse  
their filth really astounds us  
the assault on our traditions  
of family, God and law  
makes us sick to the bone  
just like Sodom and Gomorrah  
got the wrath of God  
fags won't ever be condoned'

'you better turn!  
turn from your evil ways, turn!

he will call His sheep  
he won't call the children of the devil  
he will call His sheep  
he will call us because we're

the Westboro Baptist Church  
we preach things that really hurt  
like thank god, thank you for aids  
and that for all fags hell awaits'

well fuck you Westfuck and fuck your church  
an infiltration of gays will lure  
around the corner and in your ranks  
better start shitting your pants  
because they wont' wear masks

'Sodom was destroyed by God  
and at the recurring days of Lot  
he would return  
well those days have finally come now  
and God's only son  
will make sure that you burn  
modern day Pharisees

you look away  
from all that is the truth

get that grin of your face'

let me ponder  
about you weirdos  
your urge to go back to times that are long gone  
today there's pride  
and you're just so scared  
you bunch of bigots  
how petty can you get
