To the fire, to the fire, to the fire, to the fire, to the fire,
to the fire, to the f...

When I woke up in night, the stars were crying and then
my mind was only you

when I looked between the lines, and all the good times
I just can't see beyond the pain you're, just to close to
the fire and you don't care

you're, just to close to the fire, you've done it again
and again

to the fire, to the fire, to the f...

smelling like a rich perfume, she fools another, may be

this is her lucky day

gasping for another breath
