Conjecture stands on belvederes, screams come one  
come all and hear.

We've found the way we've found the truth. Now  
prepare for blissful years.

No more than animals we are. I've got a dream so  
follow me, I've got a dream so follow me.  
Destined to take, to spend, to die. I've got a dream so  
follow me,  
I've got a dream so follow me. la da da da da da da.

Destroy your children, cheat and steal. I've got a dream  
so follow me,  
I've got a dream so follow me.

All that you want, is all that's real. I've got a dream so  
follow me,  
I've got a dream so follow me, la da da da da da da  
da..

There's no right or wrong. String us all along,  
Tell us what to do. We agree with you,  
Got somethin' in mind. Let's all have a time,  
Celebrate the day with our friend cocaine,  
Heroine or gin. I could use a win.  
Take a vitamin, take a cigarette, rejoice for this is it!
