Please don't call, cause I won't answer.  
I know that you're the snake inside my bed.  
I'll be the first to admit it.  
I gave you the sword you stabbed through my head.

And though I find that you are mighty fine,  
I won't change my mind.

Someday we all must die.

Existence begs a mutual bonding.  
Let's build this house from the roof to the floor.

Acrid, paradoxical scathing  
I liked you more when you walked out my door.

And though I find that you are mighty fine,  
I won't waste my tiiiiime.  
And though these means scream louder than logic,  
I won't change my mind.

Someday we all must die.
