Help, the devil's in my car  
Help, the devil's in my car  
Help, the devil's in my car  
Devil's in my car, whoa please  
Let me be alone  
We're really tearin' tar  
We're goin' 90 miles an hour  
Ho, he's drivin' me crazy  
He's drivin' me to hell now

He's pointin' his pitchfork at me  
He's in the front seat of my car  
He's takin' over  
Ooh, he ripped my upholstery  
He's at the wheel  
Help, the devil's in my car  
Help, he's drivin' too far  
Oh

Whoa, I can't lock the door  
I can't put on my safety belt  
There's nothing for me to do but yell help  
Devil's in my car

I'm goin' to hell in my old Chevrolet  
I don't know which way  
Oh, help, devil's in my car  
Yeah, yeah, he's gone too far  
I won't see you tomorrow  
I won't see you anymore  
He's got his cloven hoof on the clutch  
Oh, auh I'm sittin' on his tail

Oh oh, I don't wanna go to hell  
(I don't wanna go to the devil)  
He's in my car, in my car, in my car

Ohh, wahhh  
The radio gives me static  
There's nothin' on my CB  
Oh, help, the devil's in my car  
Oh, he's in my car, he's in my car

The devil's in my car  
We're turnin' off the road  
Oh, where ya taking me devil?  
Oh, he's grinnin' door to door  
He's got his cloven hoof on the clutch  
Help me

Oh, I don't wanna go to hell  
(I don't wanna go to the devil)  
He's in my car

Freeway to hell  
We're burnin' up the road  
Freeway to hell  
(Right through the tollbooth)  
We're burnin' up the road  
Freeway to hell  
(Right through the guardrail)  
Freeway to hell  
(Across the median)  
We're burnin' up the road  
Freeway to hell  
(Would you slow down?)  
We're burnin' up the road

I've got the devil juice in my carburater  
I've got the devil in my cigarette lighter  
I don't need no battery  
(I got the devil in my car)  
In my car, in my car  
In my car, in my car  
In my car, in my car  
In my car, in my car
