She's the wildest hon in the wild kingdom  
She's the hottest thang to float down  
Well there's alligators and razorbacks  
But I don't care, I like to go down tubin' with you,  
Junebug  
When Junebug floats down and yells, "Hey"  
Even the razorbacks get outta her way  
You know what I mean?

The mouth of the river is laughin' at us, Junebug  
(You know what I'm talkin' about)  
(You know what I'm talkin' about)  
The mouth of the river is laughin' at us, Junebug

Junebug, Junebug, Junebug, Junebug

On the wildest run in the wild kingdom  
She's the wildest thang to float down  
Well there's snakes and snappers on cypress knees  
So come on down, I like to play in the water with you,  
Junebug  
Well don't you listen to what they say  
'Cause we're a little different anyway  
Ain't it the truth?

Let's glide behind a wall of vegetation  
No prying eyes on a love celebration  
Let's glide behind that wall of vegetation  
I don't want no pryin' eyes when I give you a love  
sensation

Hey there Junebug  
You sure look good dancin' in the mud, in the red mud

Mosquitoes and water moccasins  
Gators and crocodiles  
June's imagination  
Really drives me wild

Go girl, go girl, go girl go  
Whoa whoa whoa whoa whoa whoa whoa  
Go girl, go girl, go girl go

Whoa whoa whoa whoa whoa whoa whoa  
Go girl, go girl, go girl go  
Let's get in the mud  
I said, "Go girl, go girl, go girl go"  
I think I'm in love

Junebug, Junebug, Junebug, Junebug

Go girl, go girl, go girl go  
Whoa whoa whoa whoa whoa whoa whoa  
Go girl, go girl, go girl go  
Whoa whoa whoa whoa whoa whoa whoa  
Go girl, go girl, go girl go  
Let's get in the mud  
Go girl, go girl, go girl go  
I'm never in love

Go go go Junebug  
Tell me with Junebug  
Go go go Junebug  
Tell me with Junebug  
Go go go Junebug  
Tell me with the right of eye  
Go go go Junebug  
Hey there  
Go girl, go girl, go girl go  
Hey there Junebug  
Go girl, go girl, go girl go  
Tell me with the right of eye  
Go girl, go girl, go girl go
