lyrics: G. Gross, C. Capek, A. Humpe music: G. Gross,
C. Capek, G. Raschke, A. Humpe

Now let me tell you 'bout my life and the girls within,
And how I always seemed to go the wrong way and
couldn't win
And don't grin, 'cause I can see that you're a beautiful
girl
And that you're tellin' me that you wanna share my
world.

I can see that your body, your mind, your every move is
sayin' let's go,
But baby girl, I just don't know,
Will you be there for me when times get rough,
Are you thinkin' of playin' and maybe not of love?

And tell me, isn't love something we can dream of
And isn't hope something we can try to reach up above,
Isn't life something we can live in the best way,
So tell me, will you be there every day?

Refrain:

Can you mend a broken heart, from the very start,
Take me to the ground?
Can you mend a broken heart, take me from the dark,
Just by being around?
Can you mend a broken heart?

Baby, you can make a dream come true when you walk
by,
With your head held high, you make me go wild,
I wanna spend more time with you at my side

But I never want the feeling that you're teasing me or
squeezing me
And that you're just with me because you're pleasing
me,
I've been through enough times that weren't right,
So now I'm looking for love and someone for life

And tell me, isn't love something we can dream of

And isn't hope something we can try to reach up above,
Isn't life something we can live in the best way,
So tell me, will you be there every day?

Refrain 3 x
