Don't like to think too much  
It makes me think too much  
It keeps my mind on my mind  
Don't want to see too much  
It makes me see too much  
Sometimes I'd rather be blind

All the things that they're saying and doing  
When they pass me by just fills me up with noise  
It overloads me  
I wanna disconnect myself  
Pull my brain stem out and unplug myself  
I want nothing right now

I wanna pull it out, yea  
I wanna pull it out, yea  
I wanna break it on down, hey  
I wanna pull it out, yea, yea  
Disconnect myself  
Disconnect myself  
I wanna see it go down, yea  
Disconnect myself

A thousand miles an hour going nowhere fast  
Going through the details of your past  
Talk about your damage and you're wasting my time  
Wanna be the king and queen? stand in line  
All the numbers and the codes and the facts  
Backed by the rumors and the figures and the stats  
I think I'm going to download my mind

I wanna pull it out, yea  
I wanna pull it out, yea, hey  
I wanna break it on down, yea  
Disconnect myself  
I wanna pull it out, yea, yea  
I wanna pull it out, hey, yea  
Disconnect myself  
Disconnect myself, hey

I wanna disconnect myself (do it)  
I wanna disconnect myself (get it)

I wanna pull my brain stem out (do it)  
I wanna disconnect myself right now

Too damn bad if at the end of the day  
The only thoughts in your brain are the things that they  
say  
What a waste  
Too damn bad if at the end of the line  
You got no idea of what's on your own mind  
You got no one to blame but yourself  
Too much to know too much to see  
It might mean something to you but it's nothing to me

Just another ad for someone's version of how they  
think it should be  
I wanna disconnect myself  
Pull my brain stem out and unplug myself  
I want nothing right now

I wanna pull it out, yea  
I wanna disconnect myself  
I wanna see it go down, yea  
Disconnect myself  
I wanna pull it out, hey, yea  
Disconnect myself  
I wanna see it go down, hey  
I wanna disconnect myself, yea

I wanna pull it out, yea  
I wanna pull it out, yea, yea  
Disconnect myself  
I wanna see it go down, hey  
I wanna disconnect myself  
Disconnect myself  
I wanna break it on down, yea  
Disconnect myself, yea
