I remember when I first met you, baby  
I felt the love, but I was afraid  
Now I'm feeling the happiness  
It's so sweet  
And I wanna everything for you love  
It's burning me  
I'm so free  
I will live as I please, I believe so much in this love  
In this love  
Teel it to everybody  
Stay in my soul this way  
I'll give my all, my songs  
My love, baby, if you just stay  
Teel it to everybody  
Stay in my soul this way  
I'll give my all, my songs  
My love, baby, if you just stay  
I remember when I first met you, baby  
I felt the love, but I was afraid  
Now I'm feeling the happiness  
It's so sweet  
And I wanna everything for you love  
It's burning me  
I'm so free  
I will live as I please, I believe so much in this love  
In this love  
Teel it to everybody  
Stay in my soul this way  
I'll give my all, my songs  
My love, baby, if you just stay
