Where is the purpose in your life  
Where is the truth  
Do you remember  
Your hopes your dreams  
They are no longer your own

This day is for loving your own life  
Don't let this world capture your heart  
Your passion lost to a thousand themes  
Surrendered to the screen

This is not a story  
This is not a book  
This is your life

And this is not a play  
Some TV show you've seen  
This is reallife  
You know that

This is your  
This is your life  
This is your  
This is your life

You act like a child  
playing games now  
Play and pretend the art of disguise  
Alone and lost in all your lies

This is not a story  
This is not a book  
This is your life

And this is not a play  
Some TV show you've seen  
This is reallife  
You know that

This is your  
This is your life

This is real  
This is reallife

There is no rehearsal  
No second chance  
No false start  
No better circumstance

This is not a story  
This is not a book  
This is your life

And this is not a play  
Some TV show you've seen  
This is reallife  
You know that

This is your  
This is your life  
This is real  
This is your life

This is your  
This is your life  
This is your life
