Like a shooting star from the midnight sky
Wherever you are you're gonna see me fly
Like a shooting star

Like a shooting star
Across the midnight sky
Gonna fly, gonna fly
Just to be with you tonight

Like a shooting star
Across the midnight sky
Gonna fly, gonna fly
Just to be with you tonight

Where were you to hold my hand
Do the things that we had planned
Yes I need you by my side
When things go crazy
I just need to know you care
Guarantee that you'll be there
When I wake up in the night
Will you be my guiding light
Wish I had you here with me
You left me cryin in my sleep
Yes I need you by my side
When things go crazy
I just need to know you care
Guarantee that you'll be there
When I wake up in the night
Will you be my guiding light

I don't care how far I'll take a plane tonight
Just tell me where you are
And everything's gonna be alright

Like a shooting star
Across the midnight sky
Gonna fly, gonna fly
Just to be with you tonight

Like a shooting star
Across the midnight sky

Gonna fly, gonna fly
Just to be with you tonight

Like a shooting star from the midnight sky
Wherever you are you're gonna see me fly
Like a shooting star

Like a shooting star from the midnight sky
Wherever you are you're gonna see me fly
Like a shooting star

Like a shooting star
Across the midnight sky
Gonna fly, gonna fly
Just to be with you tonight

Like a shooting star
Across the midnight sky
Gonna fly, gonna fly
Just to be with you tonight
