Standing in the hallway,  
trouble coming my way  
He called me on the telephone  
Guess I'm gonna be alone  
Where did our love go, where did it go  
Love is such a puzzle in this great big world  
I'm good to you, but you're bad to me  
Gotta try to lose, gotta try  
gotta lose this misery

Tried to do it your way  
You wouldn't meet me half way there  
You used to say you love me  
Now you just sit and stare  
Where did our love go, where did it go  
Love is such a pain in this great big world  
I'm good to you, but you're bad to me  
Gotta try to lose, gotta try  
gotta lose this misery

If you wanna keep me here  
You better try to make it clear  
'Cause I'm half way out the door  
I can't take it anymore  
Where did our love go, where did it go  
Love is such a gamble in this great big world  
I'm good to you, but you're bad to me  
Gotta try to lose, gotta try  
gotta lose this misery.
