(Voz: Lidia Guevara)

We shared the heat of the desert in a magic place  
We kissed under the stars forever on a shiny day  
We promised to be one

(Estrillo)

When my dream becomes a lie  
'Cause I live the real life  
I'm going back to you, yeah yeah

Through the empty lane of life  
I walk alone the burning land  
I'm falling in love with you, yeah yeah

I'm coming back to my old town  
Leaving back the feelings that we had  
But I'll never understand, no  
The reason, the reason of goodbye

(Estrillo)

When my dream becomes a lie

'Cause I live the real life  
I'm going back to you, yeah yeah

Through the empty lane of life  
I walk alone the burning land  
I'm falling in love with you, yeah yeah  
(X2)

Through the empty lane of life  
I walk alone the burning land  
'Cause I live the real life, yeah  
I'm falling, falling for you

(Estrillo)

When my dream becomes a lie  
'Cause I live the real life

I'm going back to you, yeah yeah

Through the empty lane of life  
I walk alone the burning land  
I'm falling in love with you, yeah yeah
