You were so amused when I made myself available
You had to ask if it was all intentional.

Well, something's goin' on (on and on)
Something's goin' on (goin' on and on)
I am finding out all about you.

The sun is hiding and the car is running badly
I-I know only one way a friend should kiss a friend
goodbye.

But, something's goin' on (on and on)
Something's goin' on (goin' on and on)
I am finding out all about you.
I'm taking it all too hard I have nothing left to fight you
with
All your pretty things are merely to create the myth.

That something's goin' on (on and on)
Something's goin' on (goin' on and on)
I am finding out all about you.

Yeah, something's goin' on (on and on)
Something's goin' on (going on and on and)
I am finding out all about you.
Yeah, I am finding out all about you.
