## "Be With You"

Out my window  
The rain starts to fall  
And the wind blows  
Through an empty hall  
In the mirror  
Reflections of you  
In the distance I hear a sound  
Is that you coming around  
Oh, what you gonna do  
I think I should be with you  
A love that's overdue  
Oh I think I should be with you  
Thought I saw you  
In a stranger's face  
Or should I walk away  
Should I call you

'Round the corner  
Is around the world  
Is that you looking at me  
Or am I living a dream  
And when I'm lost in a dream  
You are all I can see  
All alone in the night I'm waiting for you  
Every moment I'd die  
Just to look in your eyes  
The dream is alive...I'm waiting  
Oh my, how I try  
To make you see that  
I should be with you
